Guidelines for the Acute Medical Management of Severe Traumatic Brain Injury in Infants, Children, and Adolescents-Second Edition

Author Affiliations

Patrick M. Kochanek, MD, FCCM, Professor and Vice Chair, Department of Critical Care Medicine, University of Pittsburgh School of Medicine

Nancy Carney, PhD, Associate Professor, Department of Medical Informatics and Clinical Epidemiology, Oregon Health & Science University

P. David Adelson, MD, FACS, FAAP, Director, Barrow Neurological Institute at Phoenix Children’s Hospital, Chief, Pediatric Neurosurgery/Children’s Neurosciences

Stephen Ashwal, MD, Distinguished Professor of Pediatrics and Neurology, Chief of the Division of Child Neurology, Department of Pediatrics, Loma Linda University School of Medicine

Michael J. Bell, MD, Associate Professor of Critical Care Medicine, University of Pittsburgh School of Medicine

Susan Bratton, MD, MPH, FAAP, Professor of Pediatric Critical Care Medicine, University of Utah School of Medicine

P. David Adelson, MD, FACS, FAAP, Director, Barrow Neurological Institute at Phoenix Children’s Hospital, Chief, Pediatric Neurosurgery/Children’s Neurosciences

Stephen Ashwal, MD, Distinguished Professor of Pediatrics and Neurology, Chief of the Division of Child Neurology, Department of Pediatrics, Loma Linda University School of Medicine

Michael J. Bell, MD, Associate Professor of Critical Care Medicine, University of Pittsburgh School of Medicine

Randall M. Chesnut, MD, FCCM, FACS, Professor of Neurological Surgery, Orthopedics and Sports Medicine, University of Washington School of Medicine

Jamshid Ghajar, MD, PhD, FACS, Clinical Professor of Neurological Surgery, Weill Cornell Medical College, President of the Brain Trauma Foundation

Brahm Goldstein, MD, FAAP, FCCM, Senior Medical Director, Clinical Research, Ikaria, Inc., Professor of Pediatrics, University of Medicine and Dentistry of New Jersey, Robert Wood Johnson Medical School

Gerald A. Grant, MD, Associate Professor of Surgery and Pediatrics, Duke University School of Medicine

Niranjan Kissoon, MD, FAAP, FCCM, Professor of Paediatrics and Emergency Medicine, British Columbia’s Children’s Hospital, University of British Columbia

Kimberly Peterson, BSc, Research Associate, Department of Medical Informatics and Clinical Epidemiology, Oregon Health & Science University

Nathan R. Selden, MD, PhD, FACS, FAAP, Campagna Professor and Vice Chair of Neurological Surgery, Oregon Health & Science University

Robert C. Tasker, MBBS, MD, FRCP, Chair and Director, Neurocritical Care, Children’s Hospital Boston, Professor of Neurology and Anesthesia, Harvard Medical School

Karen A. Tong, MD, Associate Professor of Radiology, Loma Linda University

Monica S. Vavilala, MD, Professor of Anesthesiology and Pediatrics, University of Washington School of Medicine

Mark S. Wainwright, MD, PhD, Director, Pediatric Neurocritical Care, Associate Professor of Pediatrics, Northwestern University Feinberg School of Medicine

Craig R. Warden, MD, MPH, MS, Professor of Emergency Medicine and Pediatrics, Chief, Pediatric Emergency Services, Oregon Health & Science University/Doernbecher Children’s Hospital

Project Management

Cynthia Davis-O’Reilly, BSc, Research Associate, Department of Medical Informatics and Clinical Epidemiology, Oregon Health & Science University

Amy Huddleston, MPA, Research Associate, Department of Medical Informatics and Clinical Epidemiology, Oregon Health & Science University

Marci Provins, BS, Editorial Assistant, Pediatric Critical Care Medicine, Pittsburgh

Guest Editor

Hector R. Wong, MD

The information contained in this Guidelines document reflects the current state of knowledge at the time of its completion, December 5, 2011. In view of the fact that there will be future developments in both scientific information and technology, it is anticipated that these Guidelines will be periodically reviewed and updated. These Guidelines are published and distributed with the understanding that the Brain Trauma Foundation and the other organizations that have collaborated and supported their development are not engaged in rendering professional medical services. If medical advice or assistance is required, the services of a competent physician should be sought. The recommendations contained in these Guidelines may not be appropriate for use in all circumstances. The decision to adopt any particular recommendation contained in these Guidelines must be made by a treating physician with knowledge of all of the facts and circumstances in each particular case and on the basis of the available resources.
